1. In these eight measures, sopranos and altos should improvise animal cries, percussive sounds, etc. [imitating the atmosphere of the rain forest jungle with sounds of the rain, river, wind, and forest animals], to contrast with the musical effect created by the male voices.

2. The percussion instruments start with the choir. The use of conga(s) and two rattles is suggested.

Nous ne donnons pas de traduction de cette œuvre car le texte a été traité par le compositeur comme des groupes de phonèmes. L'emploi de percussions (qui peuvent improviser) est fortement recommandé par le compositeur.

Composed in 1982, *Tres Cantos Nativos...* is freely based on melodies sung by the Krad tribe - a group of native Brazilian Indians who live in the Xingú river area of the Amazônia forest of northwestern Brazil. The use of percussion instruments is strongly recommended by the composer; the instruments should emphasize and improvise on the rhythms of the chorus. The meaning of the text is not known; it was treated by the composer as a group of phonemes.

Wir geben keine Übersetzung dieses Werks, denn der Komponist hat den Text als Lautgruppen behandelt. Das Verwenden von Schlaginstrumenten ist als Begleitung empfohlen.
